

CIP Finishes

a Milde Company

Turn-Key Commercial Hardware

Capabilities Statement

CIP Finishes is a turn-key commercial hardware company that furnishes and installs finish hardware in large multi-family residential communities, hotels, senior-living, student-housing and office projects.

Headquartered in Stafford County, Va., CIP Finishes has more than 35 years of experience in the industry, with more than 80,000 multi-family units completed across the Greater Washington, D.C., and Baltimore region. Our estimators and installers have earned the trust of some of the area's largest general contractors. The CIP Finishes team includes 30 specialists with years of experience, strong craftsmanship and deep knowledge of finish hardware brands and product lines.

CIP Finishes is proud to have earned the trust of nearly all of the Greater Washington, D.C., and Baltimore area's largest general contractors. **We can meet MBE, WBE and CBE certification requirements through partnerships with our trusted contractors and suppliers.** You can count on our team to complete your projects with professionalism and quality workmanship.

Core Competencies

- No-obligation estimates from highly experienced estimators whose knowledge spans brands and product lines.
- Product selection and sourcing assistance at any stage of a project, from blueprints to buildout.
- Dedicated project management.
- Expert installation and precise timing and staging of products to keep projects on schedule.
- Detailed project oversight.
- Warehousing capabilities allow our clients to lock in product prices months before job start dates.

- Wire fixed shelving
- Unit and common-area interior and exterior door hardware

Since 1986, CIP Finishes has installed interior finishing hardware in hundreds of multi-family communities in Virginia, Maryland and Washington, D.C.

Project Portfolio

Terrapin Row

College Park, Md.

General Contractor: CBG Building Company

This three-building, three-row townhome project totaling **1493 beds** is located on the University of Maryland's historic South Campus. CIP Finishes completed this student-housing community in fewer than six months, making it one of our fastest projects. Our team installed a full complement of Division 10 items. This **418-unit** project showcases our capabilities for providing interior door hardware and electronic entry lock systems in university-based communities.

The Highlands — West Rosslyn

Arlington, Va.

General Contractor: Whiting Turner

Within this three-tower luxury community of **884 upscale residences** and street-level retail, CIP Finishes furnished unit and common-area bath accessories, flag poles, fire extinguishers and cabinets, pet spa items, fitness-area lockers, hand sanitizer stations and a package concierge system. CIP furnished and installed medicine cabinets, metal garage lockers, toilet partitions and mailboxes. CIP Finishes also installed wardrobe lockers and accessories in the Arlington County fire station that sits at the base of the development.

Eckington Yards

Washington, D.C.

General Contractor: CBG Building Company

Eckington Yards is an 11-story mixed-use rental and condominium community that comprises **457 apartments and 224 condominiums**, four artist/maker live-work units and 9,200 square feet of retail and restaurants. Within this complex, which contributes to the redevelopment of the Eckington neighborhood, CIP Finishes installed carefully chosen door hardware, adjustable shelving, blinds, roller shades, bath accessories, mailboxes and bike racks.

Carlyle Crossing — Hoffman Town Center

Alexandria, Va.

General Contractor: Balfour Beatty

This project is split among three towers joined at the lower garage levels. With the tallest of the towers being 14 stories, this project includes **742 units** and 210,000 square feet of ground-floor retail. CIP Finishes furnished the unit and common-area toilet and bath accessories, common-area mirrors, fire extinguishers and cabinets, pet spa items, toilet partitions, bike racks, mailboxes, metal lockers, wine and coffee-bar accessories and entrance grille mats. The shower doors in this community were installed by CIP Finishes.

Moxy Hotel

Washington, D.C.

General Contractor: CBG Building Company

Each room in this 13-story hotel reflects its unique style, but one thing unites them: innovative bathroom hardware furnished and installed by CIP Finishes. The hotel's modern look was achieved by using in-room bathroom enclosures made from shower door material and stylish matte black fixtures in each hotel bath.
